OVERALL IMPACT SCORE

Reviewers will provide an overall impact score to reflect their assessment of the likelihood for the project to exert a sustained, powerful influence on the research field(s) involved, in consideration of the following four scored review criteria, and additional review criteria. An application does not need to be strong in all categories to be judged likely to have major scientific impact. Please use NIH ranking from 1 to 9.

Overall Impact: *Write a paragraph summarizing the factors that informed your Overall Impact score.*
